NOTICE

Separate permits are required for electrical, plumbing, mechanical, and fuel gas work. This permit becomes null and void if; work or construction authorized is not commenced within six months, construction or work is suspended or abandoned for a period of six months at any time after work is commenced, or Community Development property maintenance and condemned property notices have expired. Connection of utilities must be authorized by the Building Department. Failure to make corrections to substandard construction materials or installations shall result in withholding of utilities.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
