All sub-contractors performing any work for the Owner/Builder must be licensed and insured with the City of Decatur.

Subcontractors/specialty contractor: A contractor other than a plumbing, general, residential, heating/air conditioning, fuel gas, or electrical contractor who, for a fixed price, commission, fee, or wage, is engaged in the business of making minor repairs (no structural work except as provided within this definition) to buildings or structures or the installation of specialty products, such as but not limited to storm doors and windows, tile carpets, aluminum or vinyl siding, swimming pools, kitchen cabinets, alarm systems, elevators, sound systems, and sign installation. Approved subcontractors/specialty contractors shall be permitted to do structural work when working as a subcontractor under the direct supervision of a licensed general contractor or a property owner authorized to act as his own general contractor. Subcontractors/specialty contractors must have any certification required by state law. This definition shall also specifically include those who are engaged in the business of tree trimming, tree removal, site preparation, or landscaping activities involving the setting of any trees, shrubs, or planting material other than sodded grass.

Unlicensed sub-contractors performing work at jobsite will result in a Stop Work Order being issued.

OWNER SIGNATURE: _____

DATE: _____

Note to Contractor/Owner: The subcontractor's list is to be submitted to the Building Department prior to scheduling the Building Final Inspection.
